In 1935 prior to EPN Association had 172 Associate Members.
 Sept. 10, 1938 had 262 a gain of 90 and the largest number of Associate Members in the history of the Association.

VISITORS' REGISTER MEMO: 1938 Autumn Ex. to and including Sept. 9 showed a total registration of ~~331~~ 331. Repeat visitors seldom sign the register (repeats in the same season). A certain number of the registrants are artists or children. However, this is more than off set by paying visitors who do not register at all. It is fair to assume that a total of approximately 331 visitors were first time visitors at the Autumn exhibition.

Points in favor of Autumn Exhibition:

Gives Associate members an additional exhibition.

Gives us an opportunity for additional publicity--3 shots: Announcement, review, award picture.

Shows growth of the the Association (to eliminate would be a sign of weakness or retreat).

To most it is 90% a new show because they do not remember many of the repeat numbers.

PUBLICITY COMMITTEE REPORT--1938
To Sept. 9, 1938

Our publicity continues to increase.

During the winter and present season we have mailed out 722 stories and photographs. Clippings returned by the clipping service to which we subscribe plus those which we ourselves collect will total over 300 including the publication of 55 photographs.

We continue to make use of the gallery's visitors' book for publicity purposes. This season the register contains the names of visitors from every state in the union and more than 30 foreign countries.

We are sometimes told that the visitor read about the gallery in his home town paper. One party said a story sent out by us had been seen in the Pasadena, Calif., Star; another saw an article in the San Francisco Argonaut; another in the New Orleans Times-Picayune, etc. A syndicate writer whose articles appear in more than 300 newspapers throughout the United States this summer wrote two different column articles about the gallery.

A total of 3000 card announcements were mailed out during the season and 350 window cards distributed by mail or in person.

REPORT OF PUBLICITY COMMITTEE
Season of 1936

The publicity department began functioning in May and will continue through the Autumn exhibition.

Prior to or during the run of the three 1936 exhibitions 608 stories and 221 photographs were distributed to a total of 201 newspapers, magazines, news services, and special writers. Of the 608 stories sent out, 127 were different stories. To date the clipping service employed by the Association has turned in a total of 269 notices and photographs reproduced. These have appeared in 71 different publications having a combined circulation in excess of 7 million. Our output and acceptance was larger than in 1935.

We have placed either in person or by mail a total of 400 posters--one lot for each of the three exhibitions. Mailing has included 2900 announcement cards. A number of personal letters were sent out.

The visitors' register contains more than 2500 names obtained in the present season. This register has become increasingly valuable in furnishing material for publicity stories. Incidentally, it shows that the exhibitions have been seen by the residents of 43 states and fourteen foreign countries.

Conversations with Autumn show visitors during the past two weeks reveal that more than 160 persons had never been in the gallery before. Left over Annual Oil catalogues have been put to use by giving copies to these first-time visitors.

Respectfully submitted
PUBLICITY COMMITTEE

MEETING OF EXECUTIVE COMMITTEE
AUG. 1, 1937

Subject: Possible entertainment for Associate Members.

Northb and South galleries and lobby have 2300 square ft. floor space. Deducting for stage (12' deep and across one end of N. gallery); lobby aisles in both directions; centeraisles in N. and S. galleries, 12" clearance between wall row end and the walls, and deducting to prevent obstruction of view from one gallery to another because of lobby projections---1200 sq. ft. Leaves a scant 1100 sq. feet for chairs. Figuring each chair, plus knee room, at 3.75 sq. feet (little enough) shows that N and S. galleries and portion of lobby would accommodate approximately 250 chairs of size of our tea chairs.

284. Total number of Associate Members and Artist Members

REPORT ON DISPOSITION OF
WILLIAM OWEN GOODMAN MEMORIAL PRIZE FUND
of \$5,000.00

*See penciled notes below for
final disposition of this money and
interest earned.*

In the opinion of your Executive Committee it was Mrs. Goodman's intention to make her gift a perpetual prize fund. In order to start the money earning money as of Aug. 1, 1936, the following plan was put into effect:

\$3750.00 of the \$5000.00 gift was invested in United States Savings Bonds. The difference, or \$1250.00 was placed in the Essex Savings Bank.

At the end of 10 years the Savings Bonds plus compound interest will return us \$5000.00 thus keeping the original gift intact. *Bonds bot. Aug. 1, 1936. Redeemed Feb. 1, 1938, principle and interest returning 38 50 ⁰⁰/₁₀₀ Money used to build Goodman gallery.*

Meanwhile we will each year withdraw \$150 from the savings bank as prize money. The sum of \$1250 in the savings bank plus compounded interest on same, will permit the Association to give, annually, cash prizes in the amount of \$150 for at least nine consecutive years. In the tenth year approximately \$75 would have to be made up to complete the final \$150 cash prizes. However, as before stated, we would in that year, 1946, still have \$5000.00 with which to begin again. The plan assumes that Savings Bank interest will not drop below 2½ percent. There is, of course, the possibility that savings bank interest will increase instead of decrease between now and 1946. *money withdrawn Jan 1, 1938 principle and interest yielding 1300.64. After repaying 150.00 prize money advanced*

The Executive Committee presents the foregoing for *for 1937* ~~the~~ *money withdrawn Jan 1, 1938 principle and interest yielding 1300.64. After repaying 150.00 prize money advanced* by LAA Treasury Association approval. *for 1937* ~~the~~ *money withdrawn Jan 1, 1938 principle and interest yielding 1300.64. After repaying 150.00 prize money advanced*

*Hoffman at Sept. 12, 1936 meeting said
he had advised Mrs. Goodman of above disposition
of funds.*
